3. Strategic Planning Committee Meeting for Big Sky School District

- The school district has hired a consultant, Skip Kotkins, from Seattle who is flying in to work with the school committee as well as obtain input from various community groups including the fire department. The consultant would like to gather information from the community groups as to what they would like to see happening in the future with the school and any additional involvement, if any, the board might like to see happen.
- This was one of several public forum meetings that Skip Kotkins held with the members of the community to get their feedback regarding the Big Sky School District and the challenges it is currently facing and also discuss input for the future of the school district.
